

SUBCONTRACTORS – WHO MANAGES WHO?

Our sub-contractors are at the heart of our team. To help bring you in closer and keep work more efficient and rewarding for both sub-contractors and the case management team, we are allocating each sub-contractor a dedicated case manager to be their point of contact here at Family Wise. They will have monthly, one-on-one meetings with you, and for the most part, will manage the case notes you send to the office.
